- Bull calf KB L1 Domino 1132Y (he sells in February)
Calved: Feb. 20, 2011 • Sire: CL 1 Domino 993W.
- Daughters sell as Lots 76 and 127.
- Ranks in the top 25% or better of the breed for YW, Milk, M&G and Marb.

A coon-eyed, belted (neck), short-marked, 484 daughter that is broody and very long. A cow has to be pretty outstanding to stay in our herd this long. She has a good 993 bull calf on her and Marvin Fisher purchased her other two daughters. This cow should be flushed. It is very hard to maintain EPDs this good at her age!

LOT 1 • JA L1 DOMINETTE 0220

AI to CL 1 Domino 0100X 1ET, 5-16-11.
Pasture exposed to HH Advance 6001S, 5-8-11 to 8-10-11.

Buyers are responsible for any A.I. certificates on bulls that Bakers do not own.

Baker Boys — (left to right) Joel, Jay, Jeff, Jim and John.

0176 is a Cooper Dam of Distinction cow sired by the great 5131 bull. She also goes back to the great 289 cow on the bottom side. While at Coopers she maintained a 107 weaning ratio and a 108 yearling ratio and produced a herd bull for Spencers in Nebraska. She has also produced top females and we feel her heifer calf at side out of 844U will also make for a top cow. We purposely held this cow open as she should be flushed.

Truly one of the best producers we have ever raised. She and her twin sister, Lot 5, have greatly influenced this herd. Bob and Ryan Hermann purchased her first son for \$7,000, Marvin Fisher, IA, purchased two daughters and Bruce Anderson, ND, purchased another for an average of \$3,500. Last year she had twin bulls that averaged \$3,700. This cow is donor quality! I just can't say enough good things about 1157. One flush should pay for her.

A great cow, she has raised six daughters with a 105.4 WR and a 108 YR. Her daughters have raised top sellers as have their daughters. She has four in this sale and two were purchased by Marvin Fisher, IA. Her dam, 7130, stayed in the herd for 14 years, grandam and great grandam averaged 12 years. 1158 is very sound and should be flushed.

This is one powerful cow that was a donor cow for us and raised sale toppers. We purchased her in the D-Bar dispersal and she is by a great 501 daughter we sold them. She is a big, long made, great uddered 414 daughter that really milks. She has had two top sons sell in our sale to Jabs Ranch, MT, and Behm Herefords, ND. She has a top fall heifer in the sale and she is very sound. These 414 daughters really hold their age well.

A very long made, thick bodied 0072 daughter that always has a low birth weight calf. She has produced sons that have sold in our sale to Mike Dirks, SD, McFarland ranch, SD, and Sunshine Ranch, SD, and a daughter to Ron Struempfer, NE. Every calf has had low birth weights. Dam, 086, was a top 180 donor cow that we sold to Pete Loehr, IL.

The Bakers thanking Ross Ham for many years of service to them and the ranch.

- Dam sells as Lot 5.
- Ranks in the top 1% of the breed for Milk and M&G and the top 20% for WW, YW and CHB.

421 is a herd changer and a powerful cow that produces. She is a big, long made, excellent milking 266 daughter (our 2003 top seller). She has impressive numbers with a 111 WR, 109 YR, 89 YW and 34 Milk. She has two daughters in this sale and three sisters also sell. Her 2010 bull brought \$6,750 and her 2011 son may be the best she has ever produced.

Power cow with tremendous depth, capacity, length and milking ability. She has a 110 WR, 111 YR. Her calves have sold for an average of \$4,000 and a daughter, Lot 51, raised our 2010 high seller to Larry Stangle, NE. 524 is an elite cow we really like. She has everything going for her and we feel she needs to go back into an ET program.

- Daughter sells as Lot 179.
- Ranks in the top 35% of the breed for BW, Milk, M&G, REA and Marb. and above average for CE, WW and YW.

A straight lined, deep made, wide topped 349 daughter by a top 501 daughter and donor cow, 640. We feel that 569 has a lot of potential to raise top calves. Dam, 640, was a great 501 daughter we sold to D-Bar where they flushed her and her calves were well received. We bought her back in their dispersion and flushed her at ten years of age and she still raised sale toppers.

This is one of our favorites selling. She is a long patterned, clean fronted, correct 592 daughter that has a lot of eye appeal. She has a top daughter selling, her maternal sister is outstanding and her bull calf, 154, is our of our best. A great individual with a lot of potential.

A neat fronted 417 daughter with a different pedigree. She has an old line pedigree especially on the maternal side. She has older lineage which sure lowers the EPDs on 7106. She has a 101 WR and daughter, 9130, is a good one. 7106 is a low birth weight, angular, smooth made cow with a nice udder. Good bull calf by 844 on her.

- Dam sells as Lot 26.
- Sister sells as Lot 106.
- Ranks in the top 1% of the breed for Milk and M&G with strong, balanced EPDs.

A very feminine fronted, short marked 6002 daughter with full pigment. Her first son was one of our 2010 top sellers going to Dale Neu, SD, and her 2011 bull, 171, will be one to watch. It is hard to find such strong and balanced EPDs as 824 has with a phenotype that is just what we want.

- Freemartin heifer calf #146.

This solid marked 655 daughter has freckles on her face and udder. She is a long made, deep sided cow. Her dam, 2103, was a massive, high volume cow that raised one of our 2006 high sellers going to Helbling Hereford, ND. Again the great 336 and 629 donor cows show up in this cow's pedigree. 655's dam, 6154, was a great producer and donor cow. She had a perfect udder at ten years of age.

One of our favorites, she is a pigmented, well marked, deep made 311 daughter by the great 1158 cow. 860 is extra long with a lot of capacity and she really milks. She had one of our best bull calves last year before it got hurt and died. Her calf, Lot 81A, may be one of the best heifers in this sale. 860 is donor quality with super EPDs.

 Calved: Jan. 24, 2011 • Sire: KB L1 Domino 842U.
- Well above breed average for CE, BW, WW, YW, Milk, M&G, Marb. and CHB.

862 is a long made 311 daughter that is very broody with a lot of total volume. Dam, 510, was a cow we really liked that Grizzly Ranch Co. purchased. 862's 2011 bull calf is a standout that really shows 862's milking ability.

A powerful 632 daughter that is very long, trim fronted, pigmented and has a great udder. Her first son had a 110 WR and sold to Helbling Herefords, ND. Dam, 571, is a smooth fronted, thick made 2107 daughter Grizzly Ranch Co. purchased. She is also a sister to Lots 40 and 80 by the great 756 cow. We lost her calf to an illness.

A pigmented, solid marked, long bodied 795 daughter that is straight lined with a feminine front end. Her grandam, 353N, was a great 180 daughter and donor cow of Lots 168 and 169. Dam, 6160, is a super 02366 that has a tear in her uterus. Because of this we could not offer her in the sale. She has a tremendous heifer on her.

7113 was our pick at Coopers 2008 sale. He got hurt so we couldn't use him naturally. His AI calves look very good. We have not gotten a lot of calves but this daughter is pigmented, long and thick. She is deep and wide with a top CL 1 Domino 7110T heifer calf with super EPDs. Dam, 283, was a solid marked, long made Centurion daughter with excellent milking ability.

- Bull calf KB L1 Domino 136Y (he sells in February)
Calved: January 24, 2011 • Sire: CL 1 Domino 849U
- Ranks in the top 10% of the breed for CE and BW, top 15% for Milk and top 20% for Marb.

9172's EPD profile does not read as good as others because her sire is 11 years old and her dam is 14. With the super bull calf she has on her we feel her EPDs will go up. 9172 is a pigmented, thick, deep made cow with a super udder and small teats. Her coon-eyed 849 bull calf is outstanding. Dam, 701, was a long, excellent milking 501 daughter by a great donor cow that stayed in the herd until she was 16 years old.
