• A totally complete herd bull in every way: big-ribBED, powerful through the lower quarter and over the top, super sound, neat fronted with a cool head, great color and markings with 100% pigment. 185Y had only an 82 lb. birth wt., yet was 789 lb. at 205-days. His EPD package is amazing! He is a maternal brother to Churchill Sensation and his dam, 7202T, has already made it into the Churchill Hall of Fame! This cow has done everything we could ask her to do. She produced two headline sires by the time she was four-years-old, rebred AI and gave us a strong flush this spring.

- This is a breeder's herd bull! Cowboy has as much quality packed into him as you can put in a herd sire! He is super thick from behind with a huge top and deep strong rib and flank, all balanced very neatly with the right shoulder, neck and head. He has a great hair coat with ideal markings. He had only an 80 lb. birth wt. and even though he is just a May baby, you can see his weaning wt. will be very good! His dam has produced Yankee, Rancher and many other herd bulls in leading herds. Look at their impact! Cowboy's EPD package is amazing with WW, YW, M&G, SC, REA, MARB and CHB\$ all in the top 10% of the breed!
- Both large and small options for ownership are available on Cowboy.

- Force is the polled Outcross son that has the incredible power and look of his sire. He is thicker quartered and a touch more moderate than Outcross, but has that same bone, structure, soundness and power! He has ideal pigment and excellent scrotal development. Force has a 205-day weight of 860 lb.! His dam is a super Embracer 8006 daughter and had an amazing flush out of Outcross.
- Both large and small options for ownership are available on Force.

• Ace is a bull we are very excited about! He looks like a true herd bull with the way he moves, the way he is built and all the little extras he has. His hip and hind leg, quarter and top and rib and flank are so strong, yet he is balanced the way a herd bull should be! He posted a 205-day wt. of 870 lb. yet we believe he will calve easy. This is a horned bull with tremendous power and style.

• Red Eye has been a standout 955 son from birth. It is easy to see his darker color and all that pigment! He is also super deep ribbed with a ton of muscle. This is a complete herd bull that catches your attention. He only had an 86 lb. birth wt. yet was 771 lb. at 205-days. His EPD graph is ALL on the right-hand side where he is in the top 20% for WW, YW, M&G, SC, REA and MARB. His dam is an ideal cow that we flushed this year and has average ratios on four calves of BW 98 and WW 103.

 • Here is a bull that could sell rancher bulls and build cow herds! He has a huge top, lots of rib and lots of quality. He had a modest 84 lb. birth wt. and was 721 lb. at weaning. His dam is a power cow that has produced extremely well for us. A maternal sister just sold in our female sale for \$8,750. His sire is the Miles City bull that is making the great females.

 • This is a straight Line One bull that is stout, moderate and balanced. His dam, 825H, has produced many herd bulls for us and for Cooper's. His sire, 8203U, has been used all over the breed with great success. We have a full brother to him that is also very stout.

This catalog contains our best of the spring 2011 calf crop from the Churchill Bull Program. They are the right kind for the industry today because they will produce the right kind for tomorrow. Now that our breed has captured the attention of the beef industry, we are challenged to improve our genetics as the competition will get stronger.

**We have an additional 70 bulls for sale for commercial ranchers.**

**Air Travel:** We are only 10 miles from the Bozeman airport which is served by several major carriers.

- Perfect Timing has created quite a buzz in the Hereford breed! He is a bull we can all use. He is moderate framed and easy fleshing with a huge top, great hip and hind leg. He had a 60 lb. act. birth wt.! EVERY EPD is in the top 40% with CE, BW, REA and MARB in the top 10%
- We sold a 10% ownership share in him at our female sale to the Dave Bielema Family in Michigan for \$40,000. After the sale, we sold another 10% interest to three great Oklahoma breeders: Chris Frans, Don Moler and Curtis Castle. Churchill wants to give each of these breeders a huge thank you for joining us on this exciting bull!

**Perfect Timing semen packages for 2012 will be available only through Denver.  
 Contact us this fall to make sure that you get your semen package.**
