CURTIS POLLED HEREFORDS

Welcome Fellow Cattlemen & Friends:

It is our pleasure to invite you to our 58th Annual Sale.

The two year old bulls consist of not only the top end of our 2008 calf crop, but will also include several top bulls from the Dubois herd.

The yearling bulls are special with all four in the top half of almost every EPD category. All four rank in the top 20% for Calving Ease Direct.

The registered heifers are from the top of our replacements and sired by two very special bulls. The commercial heifers are sired by our herd bulls and out of registered cows.

We look forward to seeing you February 20. If we can be of assistance in any way, please feel free to contact us.

LARRY & CAROL GILDEMASTER

TERMS AND CONDITIONS

Terms of sale are cash. Each animal to be sold to the highest bidder. The auctioneer shall settle any dispute as to bids. Mail or phone bids may be submitted to any of the sale staff. Announcements from the auction block shall take precedence over all printed material. We will assist in delivery and request that the yearling bulls and heifers be taken as soon as possible. We will keep the two year old bulls until April 1, or receive \$50 off if you take them the day of the sale. We guarantee satisfaction on all bulls for the first breeding season. We will require that the bulls be returned to us in a salvageable condition and we will replace him with a bull of similar value. All two year old bulls will have passed a fertility test. We recommend the yearling bulls be tested prior to turn out. The registered heifers are guaranteed under the terms recommended by the AHA. Health certificates will be furnished. The EPD's are from the 2010 Spring Analysis. Any person attending the sale does so at his own risk, and we assume no liability, legal or otherwise, for any accident that may occur.

Lot 50 is out of one of our favorite World Class cows that is a Dam of Distinction and has a WW ratio of 110.3 on seven calves. A maternal brother sells as Lot 41.

COMMERCIAL HEIFERS

We will be offering a select group of approximately 40 commercial yearling heifers. The heifers are Herefords and most were born in March of 2009. They have been Bangs Vaccinated and have had their fall shots with boosters in accordance with the Pfizer Select Vac program. They were also poured for external and internal parasites.

We plan to offer them in groups of approximately fifteen with gate cut allowed if you would want less. These heifers will not be registered, although they are sired by our herd bulls and out of registered cows.
