Dear Cattlemen and Friends,

On behalf of the entire Tegtmeier families, we would like to extend an invitation to be with us April 15, 2010 for our 50th Golden Anniversary Sale. Although this is actually our 60th sale, as we had two sales a year for a few years, this is our 50th straight year we have held sales. We value you, our many customers and friends, who have helped our sales be an annual success.

This year to celebrate the 50th year, we have decided to put in some feature cows from our herd, as well as some very top end bred heifers. Most of these females will have calves at side, and they will be out of the breed's most popular sires, including our Tank 45P bull, many times champion, Golden Oak Outcross 18U, Canadian Agribition class winner, GHC Cardinal 57T and McCoy 55M Absolute 49S. We will also sell our usual number of herd bull prospects for the commercial man and purebred breeder. A special attraction for the sale will be our Denver Pen of Bulls and Females. These full brothers and sisters are all from the same flush that has attracted a lot of attention from many top cattlemen prior to Denver, and they were the most talked about pen of cattle at Denver. They are by National Champion, H Easy Deal 609 ET and out of donor dam, C&L Junior Miss 434V 13P.

As always our program here is aimed at total performance. We've always focused on balanced traits. Our herd bulls need to offer performance with that critical balance of calving ease and feedlot efficiency as well as the cow herd efficiency and also proven carcass value. Our cows need to milk well with problem-free udders and raise a big calf on grass, plus she needs to be easy doing and efficient. Our goal is that our bulls and females we offer for sale can do that for you, our customers.

Please come on Wednesday and look the cattle over and have dinner that evening. If we can be of any assistance to you in regards to travel plans, questions on the cattle, please don't hesitate to call.

We look forward to seeing you.

Sincerely,

Russ and Roger Tegtmeier
Russ 402-865-5805
Roger 402-865-4365

Catalog by Linda Reed

Sale Consultant

Art Handel...Handel Marketing....605-391-8233

Sale Terms and Conditions

1. Terms: Cash or Check. Each animal to be sold to the highest bidder. The auctioneer shall settle any dispute as to bids.
2. All cattle are to be paid for by the purchaser during or immediately after the sale unless other arrangements have been made prior to the sale.
3. Each animal will be the purchaser's risk immediately after the animal is sold. They will be fed and cared for free of charge for a reasonable length of time after the sale but at the purchaser's risk.
4. If the buyer of an AI certificate bull or heifer (that is not already registered) wishes to have them registered, that certificate price will be announced from the auction block before the animal is sold. Registration certificates of the animals will be transferred to the buyer at the seller's expense. Each buyer must be sure to give the clerk his/her proper name and address for making transfers. All cattle born after the sale are to be registered by the purchaser. An AI certificate will not be provided on AI service sires that are not owned by the seller. All bulls will be semen tested by Pony Express Veterinarian Clinic, Marysville, KS.
5. All cattle will be sold in compliance with the health laws of the state of Nebraska.
6. Breeding Guarantee: All bulls and females are guaranteed to be breeders if given proper care. Heifers pronounced safe in calf by veterinarian shall be considered breeders without any further guarantee. Any animal failing to breed within five months may be returned to the seller if in as good condition as when sold. The seller reserves the right to try said animal for five months. If animal proves to be a breeder, the owner get the bull at his expense. If he fails to be a breeder, an exchange will be made or his money returned.
7. All persons who attend the sale do so at their own risk. Owner assumes no liability, legal or otherwise, for any accidents which may occur.
8. Bids may be sent to any of the sale staff.
9. Please be assured if you buy cattle we will take care of them for a reasonable length of time, especially where long distance travel is involved.
10. Owner reserves the right to make additions or withdraw any cataloged entries if they fail to meet our standards at sale time.
11. Announcements at the sale ring concerning the cattle will take precedence over statements in the catalog.

Dear Friends,

Recently I had the opportunity to go through the outstanding sale offering at Tegtmeier's. The cattle have come through this horrible winter in excellent condition. The mud and winter has been a history making event. It is a tremendous accomplishment for a family to have 50 consecutive sales. I trust you will read the history pages in the catalog as they are a great reflection on the Tegtmeier family.

I recall my first association with the Tegtmeier family. It was the early 1970's and I was managing the Pony Express Polled Hereford sales held in Maryville, MO. Clarence and Roger would always bring the big stout, yellow-mellow bulls that were in demand at that time. The bulls always topped the sales and they were a great asset to that association. Clarence was a man of integrity and always had a very positive attitude toward life.

The Tegtmeier herd was always a very performance based herd. In earlier years bulls were purchased in the Missouri Performance Tested Bull sales from pioneer performance breeders, Bert James and Floyd and Dale Hawkins. That performance has continued on through the years. Cattle from the Tegtmeier program have gone on to achieve great heights.

About the sale offering with the feature of "The Fabulous Fifty". Russ called me and asked if I would help in making this 50th sale a special event. I readily agreed and we set a time to go through the females. This was done last fall and we decided on "The Fabulous Fifty" as none were held back from the sale. This sale features the very top females from the herd and would only be available to you, the buying public, in a situation such as this 50th sale celebration. The cattle being offered are the ones that have been responsible for the fifty consecutive sales.

I can't help but think of the calves by H Easy Deal 609 ET that Russ said he had from a flush using the great producing 13P cow. I think it was the best flush I have ever seen of a group of baby calves. Those calves have all matured into outstanding individuals and are offered in this sale as well as a maternal sister sired by Tank and the opportunity to flush their mother.

A number of sons and daughters of the extremely popular breeding bull, NJW FHF 9710 Tank 45P are offered in this sale. As reports of the calves by Tank come in, he just gets more popular by the day. You will have the opportunity to buy bulls that will be top breeding bulls sired by Tank as well as other Tegtmeier sires.

The bull sale will offer many herd sires for registered herds. These bulls have had a hard winter, but just continue to excel. They are ready to take home and turn right in the pasture.

It has been a pleasure to work with the Tegtmeier family over the many years. I can think of no family more deserving of your consideration of their efforts in breeding top quality Hereford cattle. I wish Russ and Roger continued success in their breeding operation in the future. Should you desire assistance in any way, please feel free to give me a call on this highly recommended offering.

Sincerely,

Jim

Jim working our sales since 1988

• Natural calf of 13P that is freckle faced, long bodied, lots of muscle and sired by Marksman, the good Jensen and Folkman bred 8020 son out of the donor cow, J119. Marksman was the top individual at the Beloit Bull Test a few years ago.

• We and C&L will retain a semen interest. Selling full possession.

We have fed calves with Tegtmeier backgrounds for several years. Many of these calves have been from customers of Tegtmeier's as well as some of their own calves. A load of Matt Hanson's calves gained an average of 3.4 pounds over a 185 day feeding period. They graded almost 70% choice. We also had a small group of Russ and Roger Tegtmeier's calves gain over 4 pounds in a similar feeding period and grade 75% choice. The Tegtmeier calves perform very well in the feedlot and are an example of Hereford genetics at their best.

 • A top female purchased last spring in the Tommy Mead sale. She has produced extremely well for Mead's, as well as Roth Hereford Farm in Missouri.

Terms of Flush

1. Seller guarantees the purchaser six (6) frozen embryos. Anything over six, will be split between the seller and buyer. Should there be less than six, the price will be prorated back accordingly.
2. Buyer pays all flushing and breeding costs with the flush.
3. Tegtmeier Polled Herefords will furnish semen on any of their herd sires at no charge to the buyer. Buyer will be responsible for semen and shipping of bulls chosen that are not owned by seller.

Bred Heifers

The following heifers are bred to calve this spring. They were synchronized and bred AI. The pasture exposure was to CT GHC PEACEMAKER 123R, who has been a very easy calver for us as well as for Melcher Herefords, Inc, our partners with Peacemaker. These are from our top end and we regret not getting some pictures, but the weather just hasn't allowed us to this winter.

The Beginning of Tegtmeier Polled Herefords
2010

50th Annual Sale

of

Registered Polled Hereford Seedstock

This is a great story of cattle and the people that have been providing Hereford breeding bulls and females to their many customers for 6 decades. Good times, bad times, all the variables that mother nature and mankind can bring have not deterred the Tegtmeier family from continuing going forward with the process of good animal breeding to provide their customers needs. I'm sure many of you or your family predecessors have been Tegtmeier customers over these 50 + years.

Russ & Roger and family have continued on with the tradition of father, Clarence and Uncles, Erick and Oscar, to serve the needs of not only the local area, but expanded to cover a goodly portion of the nation with reputable, high quality breeding stock. The Tegtmeier name is recognized across the land.

This 50th annual sale will be a special feature event by offering not only the best bull crop ever but also the addition of some of the very top producing females.

THIS WILL BE A SALE YOU DON'T WANT TO MISS!!!!

CONGRATULATIONS TO TEGTMEIERS
 and ALL YOU LOYAL CUSTOMERS

Sale Consultant
 Art Handel

P.S.--They have the best pie on the sale circuit!

Jim & Sue Rowland--longtime friends and supporters of our program

Don Yoerl has helped prepare our cattle for sales since 1988 and as a junior in the early 1980's

 • This Tank son has solid carcass figures across the board.

It has been my distinct pleasure for the past 50 years to know Clarence, Oscar and Erich Tegtmeier families. Couldn't ask to know and have known better people. I knew Clarence the best. Clarence, Delmar Jurgens and I were co-owners of Beatrice 77 Livestock Sales Co. until his untimely death in 1983. They had their Polled Hereford sales at the sale barn for many years.

This will be their 50th yearly sale. People can rely on the honesty and integrity of Tegtmeier Polled Hereford cattle. The Polled Hereford Association and Polled Hereford people can be very proud of Tegtmeier Polled Hereford cattle.

Respectfully submitted,
 Frank Jr. Thimm

History of Tegtmeier Polled Herefords and the 50 Years of Sales

Tegtmeier Polled Herefords was started in 1949 with the purchase of registered Herefords at that time. Our father, Clarence Tegtmeier, added more breeding stock from herds such as Gene and Jim Rowland, Frank and Les Robinson, Eugene Nesmith of State Line Farms, and Harold Junker of Bar 11 Polled Herefords. Other herds that influenced the herd through purchases were Orvil Kuhlmann & Sons, and CK Mousel and Blanchard and Lindgren herds.

The herd was known as Clarence Tegtmeier and Sons. Bulls and females were marketed to area farmers and ranchers by private treaty and consignment sales through the 1950's. Clarence was a self-taught auctioneer, and he and another man were doing farm and household sales in the area. Clarence was also auctioneering at various sale barns at the time. It was 1961 when Clarence decided to hold a farm and registered cattle sale at the farm, which also included commercial cattle from a couple area farmers and cousins. That was the beginning of the annual production sales.

That first sale included 30 bulls, 20 cow/calf pairs and 35 yearling heifers, as well as 175 head of commercial steers and heifers. The 2nd sale was held with Alfred Henzel of Virginia, NE. Between Clarence and Alfred, 40 bulls and 20 females were sold by Neil (Tiny) Stinson of Hammond, OK. That same year (1962) Clarence and a couple men from Beatrice, NE decided to build a sale barn in Beatrice. It was completed in November 1962. It was at that time that Clarence's brother, Oscar, from Davenport, NE and cousin, Erich from Burchard, NE, decided that they could come up with the numbers to hold annual production sales at the Beatrice 77 Sale Barn, in which Clarence was involved and was the manager. The first sale that the three Tegtmeiers had together was April 26, 1963. The auctioneer that year was Charles Corkle from Norfolk, NE.

Erich Oscar Clarence

Some of the early representatives and sale staff that worked the first couple sales were Lyle Roberts of the American Hereford Association, Rick Pierson, Polled Hereford World, Gene Rainboldt, American Hereford Journal and Lawrence Buller, Nebraska Farmer. In 1964 Freddie Chandler, Chariton, Iowa was hired to auctioneer and Freddie auctioned for us till 1984. Conrad Burns of the Polled Hereford World represented the APHA for a few years in the sixties. He went on to be a US Senator for a number of years representing Montana. Chuck Cook was hired to manage the sales in 1966, and he managed the sales for 10 years.

Freddie Chandler, Auctioneer

Throughout the sixties and early seventies, bulls from each herd sold in these sales and left their mark. CT Rollo Hazford sold in the 1965 sale to Clifford and Jim Goff and had sons heading herds in 12 states. A son of his, Hazford Mixer, that Oscar raised, had sons heading herds in several states. Erich topped the 1970 sale with THF EL Modest Lamp, that sired calves that were shown at the National Western in Denver. Erich and Verna dispersed their herd in 1975 due to health reasons, so Clarence and Sons and Oscar and Sons held the sales together till 1995 when Oscar sold his last herefords.

Oscar Clarence Freddie Chandler

History of Tegtmeier Polled Herefords and the 50 Years of Sales

The seventies and early eighties saw extremes in the cattle prices. Also the exotic trend started during this time with the influx of the Simmental breed and other breeds, which affected the marketing of Hereford and Polled Hereford cattle. Herd sires of note during those years that sired sale toppers were J Beau Perfect 3, CT Perfect Hazford, EO Anx Roundup, DH Beau Rollo 43 1 and Square G Jaeger 29U.

Lyle Roberts worked our sales from the very beginning til the early 1990's

November 19, 1983 Clarence passed away suddenly while attending the National Polled Hereford Show in Louisville, Kentucky. following his death, his three sons took over the cattle operation and continued the sales with Oscar. The eighties were also marked by low cattle prices, but by the end of the eighties cattle prices started to rise and in 1988 the Tegtmeier's posted their best sale ever with an \$1882 bull average that year.

Jim Birdwell was hired to auctioneer the sales in 1985. He has been with us the last 25 years and has been involved the longest of any sale staff member of our sales.

A younger Jim Birdwell at the 1987 sale with Oscar and Russ

In 1991 the sales were moved to the Clarence Tegtmeier and Sons farm after 28 years at the Beatrice 77 sale barn. The 1990's sales saw a decade of good cattle prices throughout the decade. Oscar sold his last Hereford cattle in the 1995 sale and received the Nebraska Polled Hereford Pioneer Breeder award in 1999.

Scott McGee, President NPHFA, Oscar and Wanda Tegtmeier receiving the 1999 Pioneer Breeder Award

1996 to the present the sales have been under Russ, Roger and Ron Tegtmeier--Clarence's sons. Highlights during those years wer CT Farmer 114L--who was a many times show winner, several heifer calves that did well for the juniors in local, regional and national shows. During the course of the 50 years the Tegtmeier family has hosted eight tour stops. We have also been on the World Hereford Conference Tour in 1996, and the Argentina Hereford Association officers spent a day with us that year.

Russ and Argentina Hereford Assoc Officers

right to left Russ, Doris (our mother), Roger and family, Ron and family 1987 Nebraska Polled Hereford Tour

Throughout the 50 years of having sales, the best reward from having those sales is the countless number of friendships that have been made. We've been fortunate to sell cattle and semen to 28 states, Canada, Australia, New Zealand and Argentina, and mostly through these sales.
