Dear Fellow Cattlemen and Friends,

Welcome to our 51st Annual Production Sale. We would like to extend an invitation to each of you to be with us on March 29, 2011. We value you, our many customers and friends who have helped our sales be an annual success.

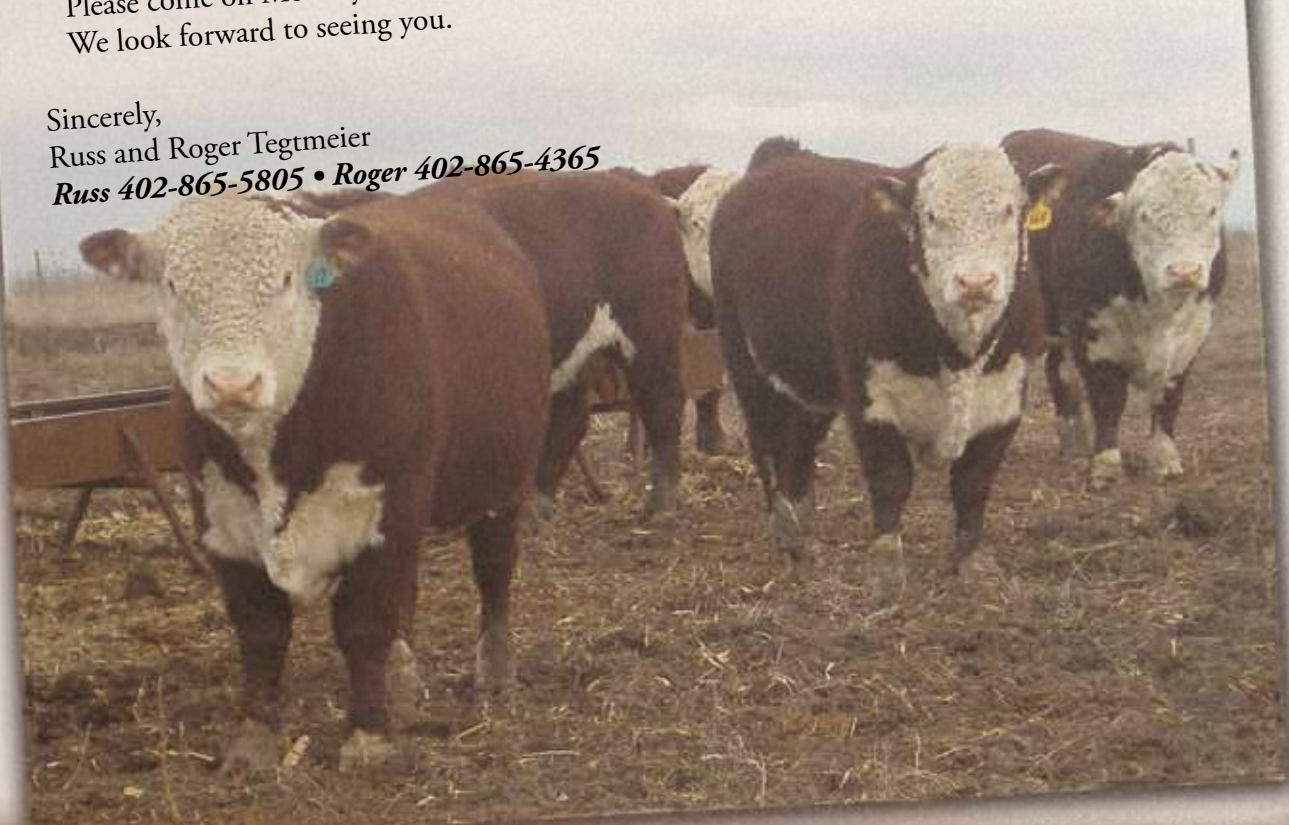

Our breeding program here is aimed at total performance. We've always focused on balanced traits. Calving ease while not sacrificing performance; females with good udder quality, mothering ability and easy keeping are a must; fertility and carcass value along with sound, functional traits plus good, docile temperaments. These are things we shoot to breed for and hope our bulls and females that we offer can do that for you.

2010 was a very rewarding year for us in the cattle business as we held a very successful 50th Anniversary Sale this past year. We were also honored this year with the 2010 Outstanding Breeder Award by the Nebraska Hereford Association.

The Hereford business has been good to us and the future of the Hereford breed looks tremendous for years to come. More and more commercial ranchers are using Hereford bulls in their crossbreeding programs. The black baldie continues to be the number one cross.

This year, like last, we are offering a conference call number. It is a toll free call where up to 125 people can listen in and bid. More information is on the next page.
Please come on Monday and look over the cattle. There will be food in the late afternoon.
We look forward to seeing you.

Sincerely,
Russ and Roger Tegtmeier
Russ 402-865-5805 • Roger 402-865-4365

T EGTMEIER POLLED HEREFORDS

51st Annual Production Sale Tuesday, March 29, 2011 • 1 p.m.

At the farm • Burchard, Nebraska

Farm Location: 3 miles north, 3 miles west and 1/2 mile north of Burchard or 3 1/2 miles south of Lewiston

Lunch provided at sale location • Complete ultrasound information available sale day

Sale Day Phone 402-865-5805

sale day on Lots 1-17.***

Sale Terms and Conditions

1. Terms — Cash or Check. Each animal to be sold to the highest bidder. The auctioneer shall settle any dispute as to bids.
2. All cattle are to be paid for by the purchaser during or immediately after the sale unless other arrangements have been made prior to the sale.
3. Each animal will be the purchaser's risk immediately after the animal is sold. They will be fed and cared for free of charge for a reasonable length of time after the sale but at the purchaser's risk.
4. If the buyer of an AI certificate bull or heifer that is not already registered wishes to have them registered, that certificate price will be announced from the auction block before the animal is sold.
5. All cattle will be sold in compliance with the health laws of the state of Nebraska.
6. Breeding Guarantee — All bulls and females are guaranteed to be breeders if given proper care. Heifers pronounced safe in calf by the veterinarian shall be considered breeders without any further guarantee. Any animal failing to breed within five months may be returned to the seller if in as good condition as when sold. The seller reserves the right to try said animal for five months. If the animal proves to be a breeder, the owner gets the bull at his expense. If it fails to be a breeder, an exchange will be made or his money returned.
7. All persons who attend the sale do so at their own risk. Owner assumes no liability, legal or otherwise, for any accidents which may occur.
8. Bids may be sent to any of the sale staff.
9. Please be assured if you buy cattle we will take care of them for a reasonable length of time, especially where long distance travel is involved.
10. Owner reserves the right to make additions or withdraw any cataloged entries if they fail to meet our standards at sale time.
11. Announcements at the sale ring concerning the cattle will take precedence over statements in the catalog.

This bull produces better mamas, not headaches

There's no mama like a Hereford-sired mama. Net income of \$51 more per cow per year and a 7% advantage in conception rate, compared to straight Angus females.* All this from a bull that is known for its fertility and easy-going nature. Hereford bulls — better mamas and no headaches.

Hereford — *gentle bulls* making black better.

* Data from the Circle A Ranch Heterosis Project

- The only 572P son in the sale, but what a tremendous bull he is. This big, stout, correct, free moving bull has numbers and a wonderful mother to back him up. His maternal brother sells as Lot 3.

Yearling Heifers

Each year we put in a few open heifers. These heifers are at the top of our heifer calf crop and very suitable for junior, 4-H or FFA projects. They all should make excellent cows for the producer looking for replacement females. These calves represent different ages for different show classes.

Tegtmeyer

Defining EPD Terms

(Expected Progeny Difference)

EPDs are a prediction of how an animal will perform compared to other animals in the Hereford breed. They are not to be used in comparing animals of other breeds.

CE (Calving Ease — Direct) — More positive EPDs are favorable and indicate easier calving for females calving at two years of age.

BW (Birth Weight) — Expressed in pounds for progeny comparison between animals. The only EPD that the advantage is expressed in a lower number.

WW (Weaning Weight) — Expressed in pounds when comparing an animal's progeny for adjusted 205-day weights.

YW (Yearling Weight) — Expressed in pounds when comparing an animal's progeny for adjusted 365-day weights.

MM (Maternal Milk) — The milking ability of a sire's daughters expressed in pounds of calf weaned.

REA (Ribeye Area) — Reflects differences in size of an adjusted 365-day ribeye measurement.

MARB (Marbling) — Reflects differences in percent of marbling based on adjusted 365-day MARB carcass measurement.

BMI\$ (Baldy Maternal Index) — A maternally focused index expressed in dollars returned from mating a Hereford bull to black cows.

CEZ\$ (Calving Ease Index) — A general index that is specifically designed to be used in a heifer program.

CHB\$ (Certified Hereford Beef Index) — A terminal sire index that is built on a production system where Hereford bulls sire calves for the CHB market.
