

The Lyda Cow Family • Lots 7-38

The Lyda cow family is the largest in our herd with some tracing back 14 generations to the original CH Lyda Mischief. This cow family originated in 1974 when Frank and Hazel gave us the opportunity to purchase the top pick from their group of replacement heifers. We chose CH Lyda Mischief, a daughter of CH Mister Joe 4 who was a son of Joe Mischief 571B, bred by Ogeechee Farms.

The Dubois, Gildemaster and Curtis families at the 2002 sale where Hazel Curtis (front, center) was honored.

Pete Atkins presented Hazel Curtis with a state proclamation of Hazel Curtis Day at the 2002 sale.

The Karla Cow Family • Lots 39-61

The Karla cow family started for us in 1980 when we purchased CH Miss Ladi-bird from Frank and Hazel. She was a 1972 daughter of CH Mister Joe 4. Miss Ladi-bird had one daughter for us sired by a son of W Beau Rollo 10. A great granddaughter of the original cow really made an impact in our herd. She was LCG Karla Bru 129C that was born in 1993. The 129C cow produced 13 calves, including two sets of twins, in eleven years, with a WR of 119 on the nine single births. She was the dam of LCG Master Duty 51J that was purchased by ABS Global in our 2001 sale. She also produced several daughters of which Lot 46 and Lot 48 will be in the sale.

The Dora Cow Family • Lots 62-80

The Dora cow family originated with the purchase of CH Dora Mesa 37 in the 1978 dispersion of the Frank and Hazel Curtis herd. She was a 1975 daughter of FHF Beau Mesa 37. The only daughter she had for us had ten calves with a WR of 109. She was a daughter of Coppertone Canadian 2B. One of her daughters, LCG Dora Bru 71D, had eleven calves which included three top cows that were all Dams of Distinction and are all well represented in the sale offering.

The Fern Cow Family • Lots 81-97

The Fern cow family originated with the purchase of CH Queen Alpine J57 in the 1978 dispersion of the Frank and Hazel Curtis herd. She was a 1977 daughter of Justamere Alpine 105Z. The J57 cow produced a W Beau Rollo 10 daughter that had the most impact on the Fern family. This tenth daughter had seven calves with a WR of 114. This cow family is named for Fern Wolfe from Oregon whose family owned the Justamere Alpine 150Z bull.

A nice calf but has short ears due to being born outside on a cold night.

The Dubois Dispersion Cow Family • Lots 98-114

We were privileged to be able to purchase cows in the 2009 Dubois dispersion. The cows have all produced very well for us. Several of the cows are Dams of Distinction and are well represented in this sale offering.

The Dawn Cow Family • Lots 115-121

The Dawn cow family started for us in 1980 when we purchased CH Helens Pink Lady from Frank and Hazel. She was a 1972 daughter of DD DW21C 147, a Domestic Woodrow son bred by Verne Duvall, Lockwood, MO. This family traces on down to LCG Dawn Duty 92M, an AH Heavy Duty 11G daughter whose progeny is prominent in the sale offering.

The Hazel Cow Family • Lots 122-132

The Hazel cow family started for us with the purchase of CH Miss Helen Jo as a calf from Frank and Hazel. She was a daughter of CH Mister Joe 4. A granddaughter of this original cow, LCG Hazel K53 36P, had twelve calves with a 114 WR. Included in her calves was a W Beau Rollo 10 granddaughter, LCG Hazel Borolo 156T, that had several top producing daughters that are well represented in the sale offering.

This cow family is named after one of the truly great ladies — Hazel Curtis.

The Tricia Cow Family • Lots 133-141

The Tricia cow family originated with the purchase of CH Trixijo in the 1978 dispersion of the Frank and Hazel Curtis herd. She was a 1974 daughter of CH Mister Joe 4. Most of our Tricias today trace back to LCG Tricia Maiden 23E, a Trixijo great granddaughter that was sired by KE Manipulator 89A, a bull we purchased from Keith Elkington. The 23E cow had ten calves for us with an average WR of 107.

The Dorothea Cow Family • Lots 142-148

The Dorothea cow family started with the purchase of HRF Dorothea Anx 39J in the Hickory Ridge Farms, Ortonville, MN, dispersion in 1983. The 39J cow was the dam of two super full sisters for us that were sired by HCJ Justa Rolo 218G 1. The two cows are responsible for the Dorotheas we have now.

- Pasture exposed to Master Class 154W from May 17 to August 22.

Other Cow Families

Belles — Lots 149-153: Originated from CH Pretty Ladibird, a 1973 CH Mister Joe 4 daughter. She had twelve calves for us with average WR of 111. One of her daughters was a class winner for Jason Kuhlmann at the 1979 Junior National.

Miss or Missy — Lots 154-157: Originated from CH Gold Miss Misch, a full sister to the CH Mister Joe 4 herd sire that so many of our cows trace back to.

Stellas — Lots 158-160: Trace back to GPH Lady Stella 106, a cow we purchased from Pete Ginsbach, Dell Rapids, SD, in 1974.
