WELCOME Cattlemen,

Gray's Angus is honored by your interest in our program. Operating a minimal input cattle operation with little supplementation, we focus on a COMPLETE PACKAGE of soundness, fertility, performance and profitability. Cattle prices have never been this good and we are excited to help you be a part of the profit making with genetics that continue to perform.

Beginning our seventh generation in the Angus business this year, the careful genetic selections we base our cow herd on continues to pay off. These females do not get pampered, their calves do not get creep fed, and we leave them on the cows till Oct. to test the real benefit in our performance bloodlines. The bulls are put on a developing ration to ensure the best possible soundness and genetic potential for a life of breeding. They are fed at the ranch with a 40 acre lot for exercise.

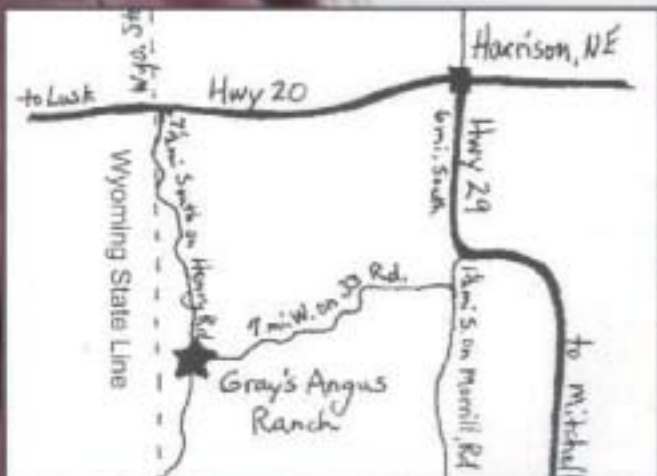

Nearly 1/2 the bulls being offered this year are potential low birth weight heifer bulls. Steer mates went to Beller Corp. feedlot again as they continue to perform for them all the way to the packer.

If we can be of any further assistance, give us a call.

Thank you for coming!
